

A teacher with brown hair, wearing a pink cardigan over a light pink top and black pants, stands in a classroom. She is smiling and holding a piece of white chalk. Several students' hands are raised in the foreground, indicating an interactive lesson. In the background, a green chalkboard displays a list of multiplication problems:  $1 \times 4 = 4$ ,  $2 \times 4 = 8$ ,  $3 \times 4 = 12$ ,  $4 \times 4 = 16$ ,  $4 \times 5 = 20$ ,  $4 \times 6 = 24$ , and  $4 \times 7 = 28$ . To the left of the teacher, the word 'Moll' is written on the board, along with some numbers and a plus sign. The overall atmosphere is positive and educational.

**ELECTION DAY IS NOVEMBER 8**

West Virginians  
deserve tax relief,  
better schools, and  
a stronger economy.

**VOTE  
YES!  
ON 2**

Like Amendment 4, **Amendment 2** also improves West Virginia schools. Strengthening our economy and creating new jobs means more resources for schools and local improvements.

A **YES!** vote for **Amendment 2** sets the stage for much needed tax reform, and authorizes the legislature to eliminate taxes on cars, trucks, ATVs, machinery, equipment and much more!
