## ***More Jobs***

Passage of Amendment 2 authorizes state government to **repeal the job-killing taxes** that penalize innovation and prevent businesses from expanding their workforce.

## ***Lower Taxes***

Amendment 2 sets the stage to **end taxes on your car** and other property you already own. The cost of everything keeps going up - this puts money back in your pocket!

## ***New Opportunities***

Amendment 2 can help create new employment opportunities by attracting **more in-state investment** and bringing more high-paying jobs to West Virginia.
